# Ouray National Wildlife Refuge

## Porcupine Viewing Day

March 16, 9 a.m.–noon

### Details:

Do you want to see a porcupine in the wild? The Utah Division of Wildlife Resources and the U.S. Fish and Wildlife Service are partnering to give Utah residents a unique opportunity to see our local rodents as they slumber and forage in the nearby refuge trees. This is a great time of year to see a variety of animals in one of the Uintah Basin's best wildlife-viewing locations!

The event will take place on March 16, from 9 a.m. to noon at the Ouray National Wildlife Refuge. See the Eventbrite page for further information and make sure to register today!
